LEGACY™ 600

B Y E M B R A E R

Since its introduction, the Embraer Legacy™ has elevated travelers' expectations of business flight. With the largest stand-up cabin in its class, the Legacy established new levels of passenger comfort, privacy and productivity. The Legacy also lifted readiness standards for business jets, with near-100% dispatch availability.

Proven through literally millions of flight hours in high-utilization environments, the Legacy 600 airframe features fuel-efficient Rolls-Royce AE 3007 series engines. It delivers a range of 3,250 nautical miles, a maximum cruise speed of mach .80, and a ceiling of 41,000 feet.

All of this makes the Legacy 600 an ideal balance of unmatched comfort and economical performance.
